## THE LUKE PROJECT 52 CLINIC OF FLINT NEWSLETTER #3

### In this issue:

- 2021 PERFORMANCE REPORT
- FINANCIAL REPORT

### 2021 PERFORMANCE REPORT

The Luke Project 52 Clinic of Flint saw its first patient in September as we launched our effort to “save babies, change lives, and help churches build community”. I thought you might be interested in what we have done in these first few months through December 31, 2021.

• Total Appointments	49
• Patients seen	49
• New patient appointments	12
• Follow-up appointments	17
• Ultrasound appointments	16
• Nursing only appointments	1
• Mobile unit home visits	3
• No shows to appointment	0
• No show rate	0%

### NOTES:

1. Our 3 home visits led to immediate hospitalization of Mom potentially saving Mom and Baby from life threatening circumstances.
2. Two of our ultrasound appointments led directly to choice of life and start of prenatal care

### FINANCIAL REPORT FOR 2021

To help us launch our Great Compassion AND Great Commission ministry to address the extremely high infant mortality rate in Flint, 35 individuals, 1 church, and 3 organizations helped us raise \$90,398. Because we are an all-volunteer ministry with no personnel costs in our 501(c)3 organization, 100% of this amount has or will go directly to providing care to the most vulnerable by purchasing the needed medical equipment (fetal monitor, ultrasound, etc.), medical supplies, medications (we operate a free pharmacy on site as well), as well as our mobile unit and its operating expenses.

Highlights of this support are:

- Ultrasound Grant from Knights of Columbus (National & Local) and Livingston County Ultrasound Initiative of \$49,579
- Anonymous donor gift of \$20,000 for purchase of ambulance and fetal monitor
- Eagles for Children grant of \$5,000 for general operating expenses
- 6 individuals who make monthly recurring contributions totaling \$905/month

To all who have supported this effort, you are directly responsible for saving the lives of 3 Moms and 5 babies! I THANK YOU, THEY THANK YOU, AND GOD SAYS “WELL DONE GOOD AND FAITHFUL SERVANTS”.

Dr. Sierra Cuthpert
