OPEN HOUSE AMAZING SUCCESS

With over 70 people attending the dedication of our building and ultrasound, our Open House was an amazing success with some amazing announcements! From the Defend Life flag given to us by the Knights of Columbus, to the amazing 3D portraits of all the stages of fetal development gifted to us by Christine & Gabe Polley, to the opportunity to observe an ultrasound being done on one of our nurses, to the thoughtful gift of flowers from the new Pregnancy Help Clinic of Flint, a pregnancy resource center opening soon on Flushing Road in Flint Township, to the announcement of a major gift of \$24,000 to enable us to purchase the suite we are now leasing, to the introductions of the many Knights of Columbus present, so many of the all volunteer staff that make our work

possible, and our special guests, Dr. Omari Young and some of his residents from Hurley Hospital. it was an AMAZING DAY! Thank you to all who made it possible.

APRIL NEWS

Our head of midwifery, Lyric Walsh, appeared on Father Joe Krupp’s podcast “Quantum Catechesis” and we received a tremendous amount of support as a result. Thank you to Father Joe!
